

Dependable Innovative Quality

New product, established reputation

Rexnord's engineered chain products have provided customer solutions for over 110 years with a strong commitment to quality.

Rexnord now offers two new lines of bakery chain designed to fit spiral ovens and proofers. This new chain is designed to exceed expectations while providing innovative solutions to the baking industry.

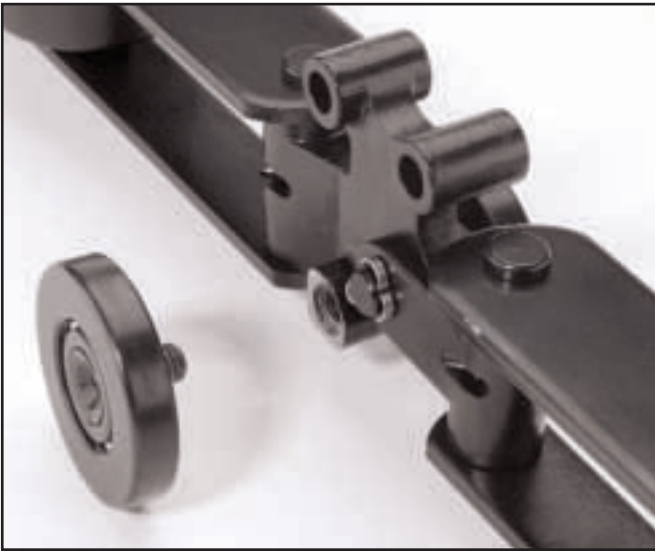

Our new chain offers:

- Removable vertical wheels for easier maintenance and installation.
- E-Coat for corrosion resistance.
- High quality components.
- Durability required for high temperature oven operations.
- Styles designed to fit existing spiral ovens and proofers.
- Single chain design can be used in both ovens and proofers.

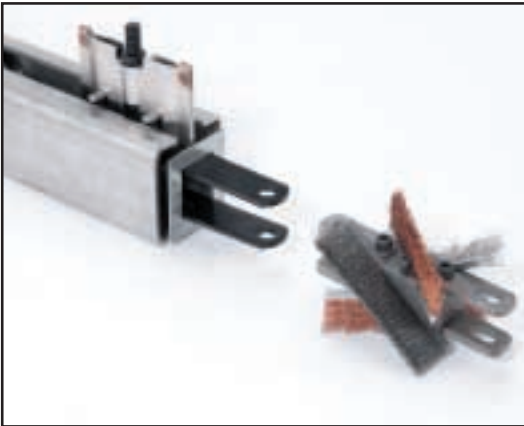

If you want high quality and expect long life ask for Rex spiral oven and proofer chains.

Features & Benefits

Innovative option to remove wheel for replacement.
Part # 101-61259-1 for both 1295 and 1296 styles.

Remove contaminants from your system
with minimal maintenance.

Feature	Benefit
Removable vertical wheels	<ul style="list-style-type: none"> •Easier maintenance and installation. •Allows for quick change out without a need to break the chain and replace. •Reduces downtime and expense.
